

Zürs is one of the most luxurious ski resorts in Austria and has a fantastic selection of top-class hotels, spas and restaurants. The skiing is high quality too with access to 305km of pistes with a full Arlberg ski pass. The off-piste is some of the best lift-served freeride terrain in the world, perfect on powder days. The resort also prides itself on its eco-conscious initiatives, with its biomass district heating. This means the ski resort is independent of fossil fuels.

Top Runs

- There is a gentle beginner area on the edge of the village with a couple of drag lifts. Perfect for learning.
- Under the fast Hexenboden chair lift there is a long, easy blue run. Perfect for skiers progressing from the beginner area.
- At the top of the Muggengrat chairlift, there's a long, sweeping red run heading back into Zürs. A good run to pick up a bit of speed.
